

# LAVAPORT-PCI

**Link 650 PCI Standard**

**PCI Bus  
Com Port Accelerator  
for 56K & ISDN  
external modems**

## **Features:**

- *Dual 9-pin Ultra High Speed 16650 UART serial ports - allows user to configure COM Ports on the faster PCI bus, at rates up to 460.8k bps (including 230.4k bps)*
- *Integrated 32-byte FIFO buffer with software configurable Tx/Rx triggers, 4X clock, and on-board flow control guarantee errorless data transmission ieven at top speed*
- *Requires only one system IRQ - saves valuable resources for other expansion cards. Both ports share one PCI bus IRQ - even when accessed simultaneously.*
- *Automatically selects next available IRQ and COM addresses - just plug it in and go!*
- *Includes Lava Com Port Redirect Utility for renaming COM Ports - allows for backward compatibility with software that supports COM 1-4 only.*
- *100% compatible with all 56K external modems & ISDN terminal adapters*
- *Ships with drivers for Windows 3.X, Windows95 & Windows NT*
- *Fully compliant with PCI Specification 2.0*
- *Lava Lifetime Warranty*
