---

## Product Compliance Declaration

Declaration continued from Page 1

### Toxic Substances Control Act (TSCA)

The United States Toxic Substances Control Act (TSCA) is a federal chemicals management regulation. Under TSCA Section 6, certain substances and substance families (including treated articles containing these substances) are restricted from distribution in U.S. commerce, including:

- Asbestos
- Lead, when used in paint
- Polychlorinated biphenyls (PCBs)
- Dioxins
- Chlorofluorocarbons (CFCs, ozone depleting substances)
- Metallic mercury, when used in consumer products
- Formaldehyde, when used in composite wood products
- Nitrites, when used in certain cutting fluids
- Hexavalent chromium compounds, when used in water treatment
  - Five Persistent, Bioaccumulative, and Toxic substances restricted in 2021:
  - PIP 3:1 (CAS 68937-41-7)
  - DecaBDE (CAS 1163-19-5)
  - 2,4,6 TTBP (CAS 732-26-3)
  - HCBd (CAS 87-68-3)
  - PCTP (CAS 133-49-3)

Varflex products do not contain the substances listed above and are compliant with TSCA Section 6.

### California Proposition 65 Statement (03-Jan-2025 Prop. 65 Chemical list)

Varflex Corporation works closely with its vendors to determine if any warnings are necessary. Based on the information provided by our vendors, the following Varflex products may contain substances listed in California Prop. 65, including Antimony Trioxide and DIDP, which are known to the State of California to cause cancer or reproductive harm.:

- **Varflo and Varfil PVC coated fiberglass sleeving (includes all grades, sizes, and colors)**

In the event that the above listed products will be sold in California, you may be obligated to label these products with the statutory labels. The warnings and labeling requirements may be found at <https://www.p65warnings.ca.gov/new-proposition-65-warnings>.

Other Varflex products not listed above, including Varglas 343 Acrylic Sleeving, are compliant with California Prop. 65 and do not require special warnings.
